

INTRODUCING ELDDIS

SMART Iconic Designs

The Eddis Autoquest CV range continues to be one of the best-selling campervans available, helped by our multi-award winning designs, attention to customer requirements, a deep understanding of how our customers use our products and designing innovative compelling solutions.

Practical, easy to use, easy to own, with a touch of flair. A vehicle ideal for vacations and every day use.

Astutely Designed Layouts

With an option offering huge rear living space in the CV20, family flexibility in the CV40 with split living space, the really decadent and relaxing CV60 with huge rear day bed and the family-friendly pop-top CV80.

Style & Comfort

Providing a stylish and comfortable home-away-from-home experience is our core aim. We aim to delight our customers.

Our wide range of fabrics, cabinetry finishes and technology ensures our campervans provide a warm and welcoming atmosphere.

High Levels of Standard Specification.

With every Eddis product we aim to provide a high level of specification as standard. A useable vehicle straight out the box.

Of course, options are available for those wishing to adjust or customise the specification of their vehicle.

Integrated LPG Gas Tanks

No more dealing with heavy gas bottles. The Autoquest CV range all come with a large underslung 25L LPG tank, refillable at your local fuel station.

Providing more volume, longer lasting and more convenient than many campervans available. - and freeing up even more storage space.

The fully equipped campervan line-up.

autoquest

autoquest

The 5.99m Fiat Ducato based, 4-model Elddis Autoquest Campervan range has been one of the most popular ranges on the market since launch. This is in no small part due to its generous levels of standard equipment, stylish and cosy interiors and choice of layouts offering the ultimate in comfort and flexibility however you choose to use your vehicle.

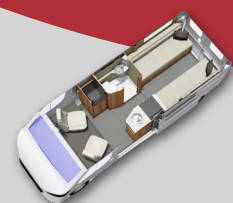

Ideal for those wanting to pack up and get on the open road in a vehicle whose size is easier to handle than some of the larger motorhomes, the Ducato, combined with the legendary Elddis designs and features is a winning combination.

60TH ANNIVERSARY DIAMOND EDITION

In celebration of our 60th anniversary, we are proud to announce the Diamond Edition which will be standard during the 2025 model year on all Autoquest CV models.

Externally, this fabulous edition, available for one year only, includes Fiat alloy wheels and striking new external graphics which incorporate the 60th Anniversary logo and really makes this celebration year range stand out from the crowd. Internally, a leather-bound steering wheel and chrome air vent surrounds add to the luxury inside the cab.

The 60th Anniversary logo is carried through into the new interior scheme where the stylish new 'Mara' upholstery, a beautiful light grey shade with soft and subtle leatherette accents is offset with subtly tagged 60th Anniversary throw cushions along with new side wall finishes in 'Tibero with Platino' and 'Linum Haithabu'.

AUTOQUEST CV RANGE HIGHLIGHTS:

Elddis Style & Specification In A Campervan

Based upon the ever-popular Fiat Ducato, the 4 model Autoquest Campervan range has been a big seller from day one.

Generously appointed with high levels of standard specification and design team attention to usage habits have ensured space is optimised for daily use.

Useability

The underslung gas tanks are just one example of how the Autoquest Campervan excels.

Simply topped up at a filling station the fully integrated tank ensures exchanging gas bottles is a thing of the past. Coupled with the fresh water and wastewater tanks which are also underslung, ensures as much space as possible is afforded to the living quarters.

Features & Specification

For such a keenly priced vehicle, the list of standard features and specification is impressive.

From the Teleco directional aerial, to the fully fitted kitchen including hob, cooker and fridge freezer, the list of standard items goes on. All vehicles are appointed with a wet room, with shower, sink and toilet. whilst the different models provide a choice of layouts to suit your requirements.

Interior Style & Ambiance

Great care has gone into the interior layout designs and fit and finish. With light coloured woods and fabrics providing a superbly airy and spacious feel.

The LED lighting provides direct light where required, in kitchen areas and washrooms, whilst providing indirect lighting in living areas.- combining to provide a superb environment on the road.

INTERIOR DESIGN

Designed specifically for the recreational vehicle market, ActivCare fabric has been developed to not only provide supreme style and comfort but also to withstand the rigours associated with RV life.

Developed and tested for water tightness, colour fastness, bleach tolerance and other substances, the material is 'easy clean' and stay looking new for longer.

Whilst our standard mattresses are wonderfully snug and comfortable, the Dream+ mattress upgrade, unique to Erwin Hymer Group UK, is a cut above. (Optional on CV60 only)

Dream+ boasts a pocket spring system and blend of natural and sustainable fillings to help regulate body temperature and ensure the best night's sleep.

"The new Autoquest CV furniture colours were introduced to help create a space that feels light and airy but also promotes comfort and cosiness."

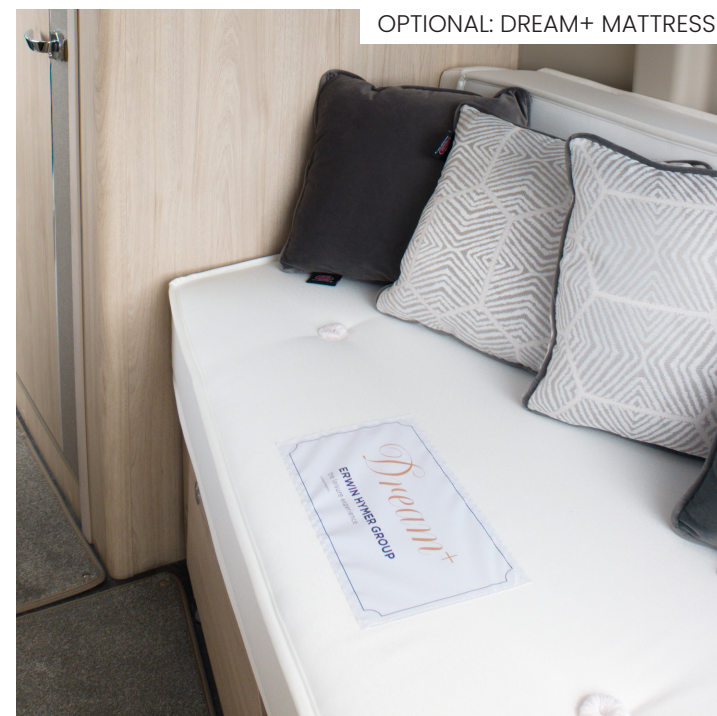

To celebrate the 60th Anniversary of the Eddis brand we added limited edition touches and selected colours and patterns inspired by diamonds."

Lounging in space, comfort and style.

The extra-long rear seating area of the 2 berth CV20 is the stand-out feature of this layout.

The rear lounge is the perfect escape at the end of day's adventures - whether you want to kick back with a chilled drink and watch a movie, or set up the dining table for a tasty van-cooked meal (or takeaway!)
A true liveable space.

At night, this area converts to two singles or a double bed, with the double giving you the choice of sleeping transversely or longitudinally.

Either way, the layout leaves two handy seats free at both ends for sitting while getting dressed or storing clothes.

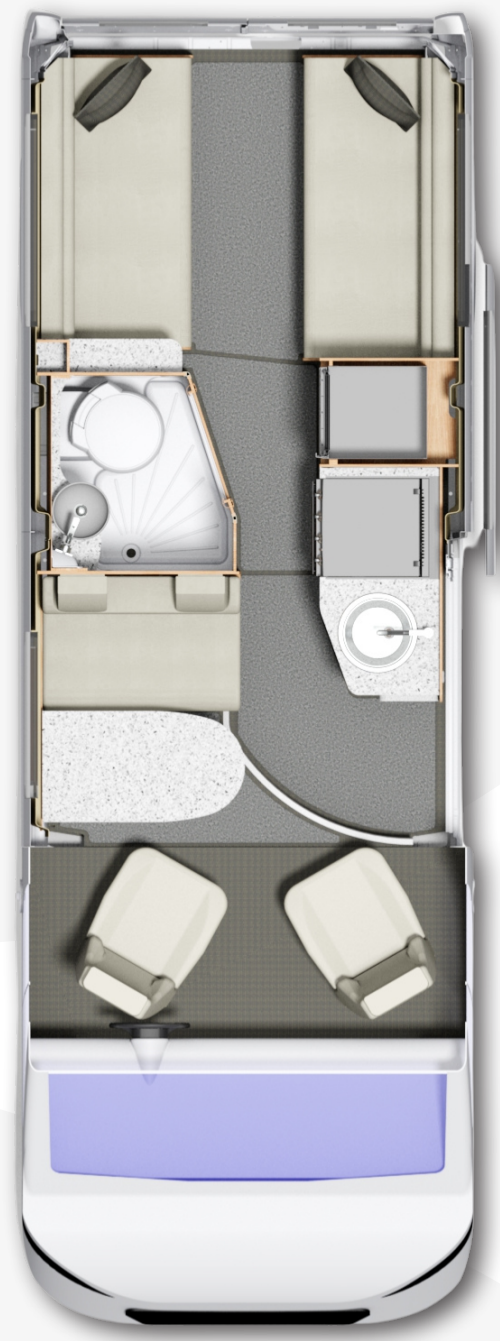

autoquest
CV40

The quest for family flexibility.

The CV40 with its split living areas, a forward lounge area-come-dinette, kitchen and washroom in between and separate rear seating provides the perfect solution where having separate living spaces is appreciated.

The rear seating converts to a double bed whilst the front dinette area provides a suitable berth for child, if required.

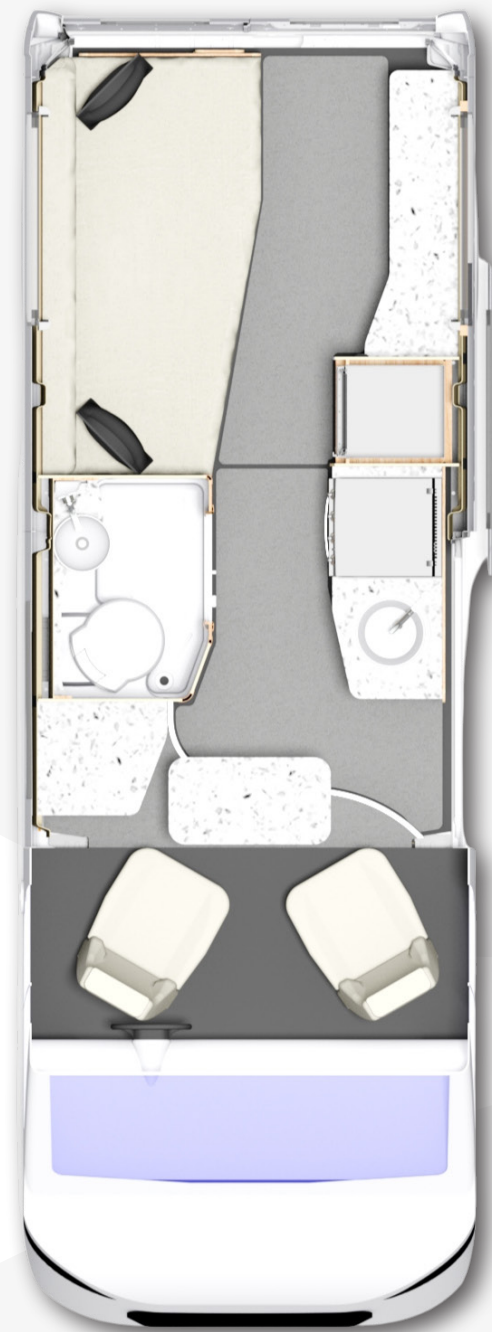

Relaxation designed in.

The CV60 is the perfect chill out campervan.

The rear lounge boasts a comfy chaise longue style day bed, directly opposite is a side-board and a wall mounted TV bracket. Surrounded by double glazed fully opening windows on all sides, and above, with blinds and flyscreens all round, the CV60 really is the place to be for those who like to while away the hours in complete relaxation.

Converting the day bed to a full double bed is easy, pull out the slides under the mattress and drop the back down and this becomes a really good size bed.

With a removeable table up front, the choice is yours where you dine.

OPTIONAL: DREAM+ MATTRESS

autoquest
CV80

The 4-berth pop up roof option.

The CV80 comes with a pop up roof, providing 2 berths in the 'Loft space' accessible from the front of the vehicle, via the ladder provided.

With split living areas, a forward lounge area-come-dinette, kitchen and washroom in between and separate rear seating provides the perfect solution where having separate living spaces is appreciated.

Of course, the rear seating converts to a double bed.
